

## About Our Company

Since 1953, FRM (Fall River Manufacturing) has been committed to producing products with the highest regard to the satisfaction of our customer's needs and requirements. With over 50 years of successful business in manufacturing and new product development, we will continue to supply the construction industry with the most innovative products while maintaining the highest level of quality and integrity. Based in Milwaukee, Wisconsin, we are committed to producing our product in the U.S.A. with 100% U.S. content.
